EDUCATION

ESSEC Business School — Cergy, France
Grande École Programme (Master in Management) — Graduating Jul 2028
TAGE MAGE: 527/600 (99th percentile) | Coursework: Strategy, Corporate Finance, Economics, Operations

INSA Lyon — Lyon, France
Engineering Degree (MSc), Telecommunications & Computer Science; GPA 4/4 — Sep 2021 – Sep 2026
Elected student delegate; completed the degree through a 3-year work-study apprenticeship at CGI

KAIST (Korea Advanced Institute of Science & Technology) — Daejeon, South Korea
Exchange semester; GPA 98/100 — Sep 2025 – Jan 2026
Awarded the Global Korea Scholarship (merit-based government grant); conducted open-source networking research

PROFESSIONAL EXPERIENCE

CGI, for ENEDIS (France's power distribution grid operator) — Lyon, France
Product Owner & Acting Team Lead (apprenticeship) — Jan 2026 – Sep 2026

- Freed 2.1 FTE of analyst time for 11 application teams by drafting a self-service control platform's business case from 6 user interviews and a 5-tool benchmark, then managing 4 engineers through launch
- Arbitrated priorities for a 12-person team as acting lead, presenting recommendations to the steering committee
- Drove AI-assisted coding adoption by securing client budget; co-hosted 2 talks for 200+ consultants each

DevOps Engineer (apprenticeship) — Sep 2023 – Jan 2026

- Led the agile (SAFe) rollout for 75 people, coaching 8 team leads and lifting on-plan delivery from 60% to 85%
- Removed a single point of failure in operations by initiating the decentralization of 150 production automations
- Re-architected shared engineering assets into a department-wide reuse standard after a full dependency audit

Eaton Industries (power management manufacturer) — Casablanca, Morocco
Engineering Intern — Jun 2022 – Aug 2022

- Cut stock search time by 70% and SAP export time by 50% by digitizing inventory in an app adopted by 20+ staff

LEADERSHIP & ENTREPRENEURSHIP

AfriConnect — Lyon, France
Founder — Jun 2023 – Jun 2025

- Connected 300+ students a year with executives and recruiters across Africa, online and in person
- Negotiated sponsorship from VINCI Energies and P&G, financing €10,000 in student prizes and round-trip flights
- Recruited and coordinated a 17-volunteer team from scratch to deliver the programme's events every year

ACEIMI (Association of Moroccan Engineering Students at INSAs) — Lyon, France
President — May 2022 – May 2025

- Redesigned the association's operating model (roles, rituals, onboarding), doubling active members from 15 to 30+
- Set up mentor pairing and guides that helped 200+ incoming students over 4 years with permits and housing
- Grew the budget by €30,000 through partners including Société Générale, funding 20+ events for 350+ students

Ventures and Competitions

- **Tender simulation:** Ranked first on a €7M public-sector bid by structuring a 6-member team's proposal
- **Vantage:** Building a Bloomberg-style AI control center mapping causal links in the news to flag early market signals
- **StudIA:** Scaled an AI exam-preparation platform to 500+ students through releases shaped by user feedback
- **Peña Insalienne:** Staged 2 plays for 150+ spectators as President of a 20-student Spanish theatre troupe
